Education

Jönköping University, School of Engineering Aug 2024 – Jun 2026
M.Sc. in Computer Science, specialization in Artificial Intelligence Engineering

Jönköping University, School of Engineering Aug 2021 – Jun 2024
B.Sc. in Software Engineering and Mobile Platforms

GPA: Bachelor's GPA: 4.0; Master's GPA: 4.77. Based on the Swedish U-5 grading system.

Technical Skills

AI/ML:	PyTorch, TensorFlow, Transformers, Hugging Face, Roboflow, JAX, Keras
Data Science:	Pandas, NumPy, Polars, R, SQL, NoSQL, MongoDB, Firestore/Firebase, Scikit-learn
Mobile Development:	Swift, Kotlin, React Native, CocoaPods, Expo
Software Engineering:	Git, AWS, GCP, GraphQL, Apollo, Redis, Docker, Linux
Programming Languages:	Python, C++, C, JavaScript, TypeScript

Relevant Professional Experience

Herenco Jönköping, Sweden
Data Scientist *Aug 2025 – Dec 2025*

- Worked with data engineering and custom machine learning solutions for subsidiary companies.

AI Engineering Master's Thesis *Jan 2026 – Jun 2026*

- Implemented a modified version of the YOLO object detection model with additional attention heads for a classification task involving both visual images and related text documents.

Verendus System AB Jönköping, Sweden
Software Engineering Intern *Apr 2023 – Jun 2023*

- Researched how to reconstruct a large dataset and migrate parts of a MySQL database to MongoDB by implementing a TypeScript adapter.

Software Engineer *Jun 2023 – Aug 2023*

- Migrated parts of the MySQL database to MongoDB.
- Optimized search algorithms for price-list queries, improving query efficiency.
- Worked on reconstructing a large dataset to reduce database storage requirements.

Software Engineer, part-time *Aug 2023 – Jun 2024*
Software Engineer, Mobile Development *Jun 2024 – Aug 2024*

- Implemented a React Native app together with a team based in Sri Lanka.
- Worked across frontend and backend development, including UI components and complex API functionality.

Resemble AI Jönköping, Sweden
AI Engineer / ML Engineer / Founder *Company not yet registered*

- Building pipelines to deploy automatically quantized AI models in the cloud.

Leadership Experience

Selector Logistik AB
Packing Area Lead *Summer position*

- Led the packing area during the summer and trained summer workers in established processes.

Jönköping University
Fadder during the Kick-Off

- Helped take care of 198 new students from the program during the 10-day kick-off.

Knowit Project
Product Owner *Software Engineering Project Methods course*

- Served as Product Owner for the Mobile Native Android team.
- Set and prioritized user stories and managed the Product Backlog and Sprint Backlog.

Skills & Personal

Languages:	Swedish, native; English, fluent/full professional working proficiency; Spanish, basic
IT:	Microsoft Office, Keynote, Pages, Slack, Outlook, Jira
Interests:	Gym training, outdoor activities, skiing, cycling, and activities with family and friends
